

Maternal Health and Child Care: From Conception to Cognition

Project Number: 1

Date: July 26, 2026

Location: Google Meet

Collaboration: None

Specified Committee: Community Service

Area of Focus: Maternal and Child Health

Introduction:

‘From Conception to Cognition’ is an online event under the area of focus “Maternal and Child Health”. This event is a virtual forum where interactors get a chance to speak up on the matter of maternal and child health. This event’s objective was to provide a platform where interactors are free to share their opinion on a serious topic that is maternal health and child care, and create a platform where awareness and knowledge could be spread.

Summary:

‘Maternal Health and Child Care: From Conception to Cognition’ featured different thoughts on maternal and child health through open discussion and speeches by each present member, followed by a short, engaging game at the end. The event was opened by a dedicated host, Itr. Bidhata Budhathoki, followed by a speech from each member, an engaging discussion, and a refreshing game.

The engaging and fruitful event ‘Maternal Health and Child Care: From Conception to Cognition’ was a huge success as the first event of the Rotary Year 2026/2027. The event provided a safe harbor for interactors to share their thoughts and opinions and an engaging discussion session, which brought a deeper sense of responsibility among the attendees about their roles in this matter. It left a lasting impression, helping foster fellowship and spread awareness.

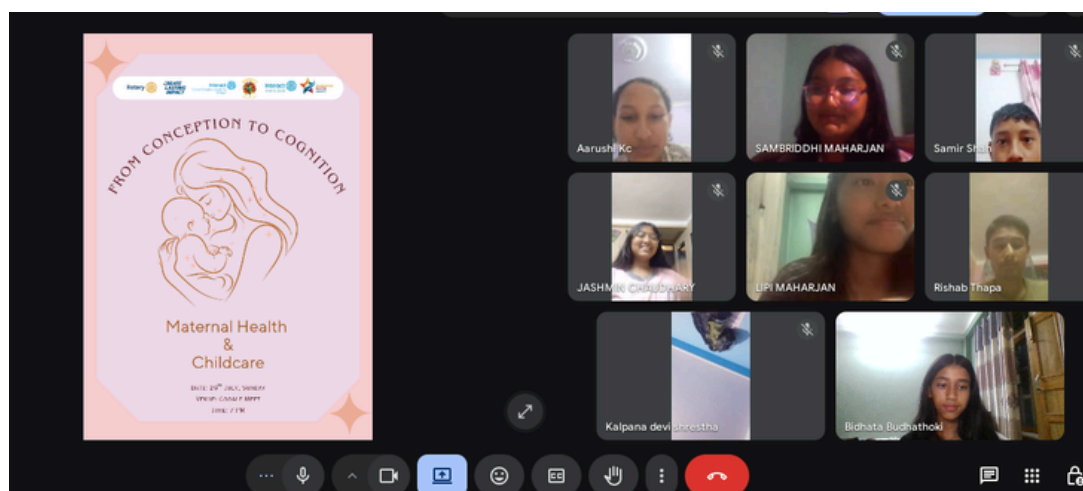

Conclusion:

'From conception to cognition has functioned as a meaningful online platform for interactors to voice their thoughts and opinions on maternal health and childcare through speeches and debate. As the first event for the Rotary year 2026/27, this event has successfully stimulated positive change and active participation among interactors.

Feedback:

Itr. Lipi Maharjan stated that this event has provided a safe space for everyone to share their perspectives on an important issue while gaining insight into maternal health and childcare.
