Date: July 31st, 2026

Location: New Horizon School Garden and classes, Butwal-13, Rupandehi

Collaborated with: N/A

Specified Committee: Community Service Committee

Sponsoring Organization(s): Rotary Club of Butwal

Guests:

1. Bishnu Ghimire-School Teacher/Guest-New Horizon Institute

Area of Focus: Environment & Community Service

ABOUT 'LITTLE SAPLINGS, SAFER EARTH'

Introduction:

The Interact Club of New Horizon organized a plantation initiative titled "Little Saplings, Safer Earth" on July 31st, 2026, on the school grounds. As the foundational first phase of a two-part environmental project, this program aimed to foster environmental responsibility, build a serene school atmosphere, and demonstrate how simple green actions can contribute to a healthier planet.

Project Summary

During the event, club members, students, and teachers gathered to plant small saplings right outside every classroom across the school grounds. Under the guidance of guest school teacher Mr. Bishnu Ghimire, participants actively dug soil, planted young trees, and learned proper care techniques.

The initiative transformed the surroundings into a greener, more peaceful learning space while bringing students together in teamwork. The program succeeded in inspiring collective responsibility toward environmental preservation and set a positive tone for the upcoming second phase of the project.

FEEDBACKS OF ATTENDEES:

Anish Khadka

"Planting saplings right outside our classrooms made us feel directly connected to our school environment. It was a wonderful hands-on experience that taught us the value of small eco-friendly actions."

Nitya Malla

"This program was so much fun and really brought all of us together. Seeing greenery right outside our learning spaces creates a much more peaceful and fresh atmosphere for everyone."

Sulav Basyal

"It was inspiring to participate in the first phase of this two-part project. Having Mr. Bishnu Ghimire guide us made the plantation drive both educational and memorable."

Shrawan Tandan

"Working as a team to make our school greener showed how united we are in protecting our planet. I am really looking forward to the second part of this meaningful event."
