2.Rtn.Yadunath Pandey-President,RAC Butwal

3.Mr.Khelraj Pandey-Mayor,Butwal Metropolitan City

Area of Focus: Environment

Introduction:

The Mega Tree Plantation Program was organized with the objective of promoting environmental sustainability and encouraging collective action toward a greener and healthier community. The initiative aimed to raise awareness about the importance of afforestation, biodiversity conservation, and climate action while inspiring individuals to actively contribute to environmental protection. Bringing together members of the Rotary family and community volunteers, the project served as a meaningful effort to create a lasting environmental impact through service.

Program Summary:

The program commenced with a brief orientation on the significance of tree plantation and the long-term benefits of preserving the environment. Rotarians, Rotaractors, Interactors, and local volunteers actively participated in the plantation drive held at the Harihar Temple premises. Through collective effort, a total of 1,500 tree saplings were successfully planted, contributing to the enhancement of the area's green cover. The project also emphasized the responsibility of participants to protect and nurture the planted saplings, ensuring sustainable environmental benefits for future generations. The initiative strengthened collaboration among the Rotary family while reinforcing Rotary's commitment to environmental conservation under the theme "Create Lasting Impact."
