Introduction:

We hosted a leadership training program to help all the interactors build their leadership skills to guide, coordinate with each other. It was a leadership development program given by Ujwal Pradhan, a successful freelancer . The program focused on helping members understand the qualities and responsibilities of a good leader and encouraging them to take initiative in club activities. It also provided an opportunity for participants to learn through discussions and activities. The training aimed to build confidence and prepare members to work effectively as a team.

Project Summary:

The program was conducted successfully with the participation of 56 Interactors, including the Board of Directors. The session was facilitated by Ujwal Pradhan Sir, who shared valuable knowledge and guidance on leadership, teamwork, coordination, and public speaking. Various discussions and activities helped the participants understand practical aspects of leadership and effective team management. The program encouraged members to become more confident, responsible, and active in future club activities.
