Area of Focus: International Understanding and Culture Appreciation

About: Exchanging Culture

Introduction:-

With much proud, the IC of Medha has collaborated with the IC of Aarong Comilla which is situated in Bangladesh. We portrayed our nation, culture, tradition, cities, and so on through google meet where we screen shared each club's presentation. Beginning with the Rotary Song, Nepal's National Anthem and Bangladesh's National Anthem followed by introductions from both of the clubs, we started our program.

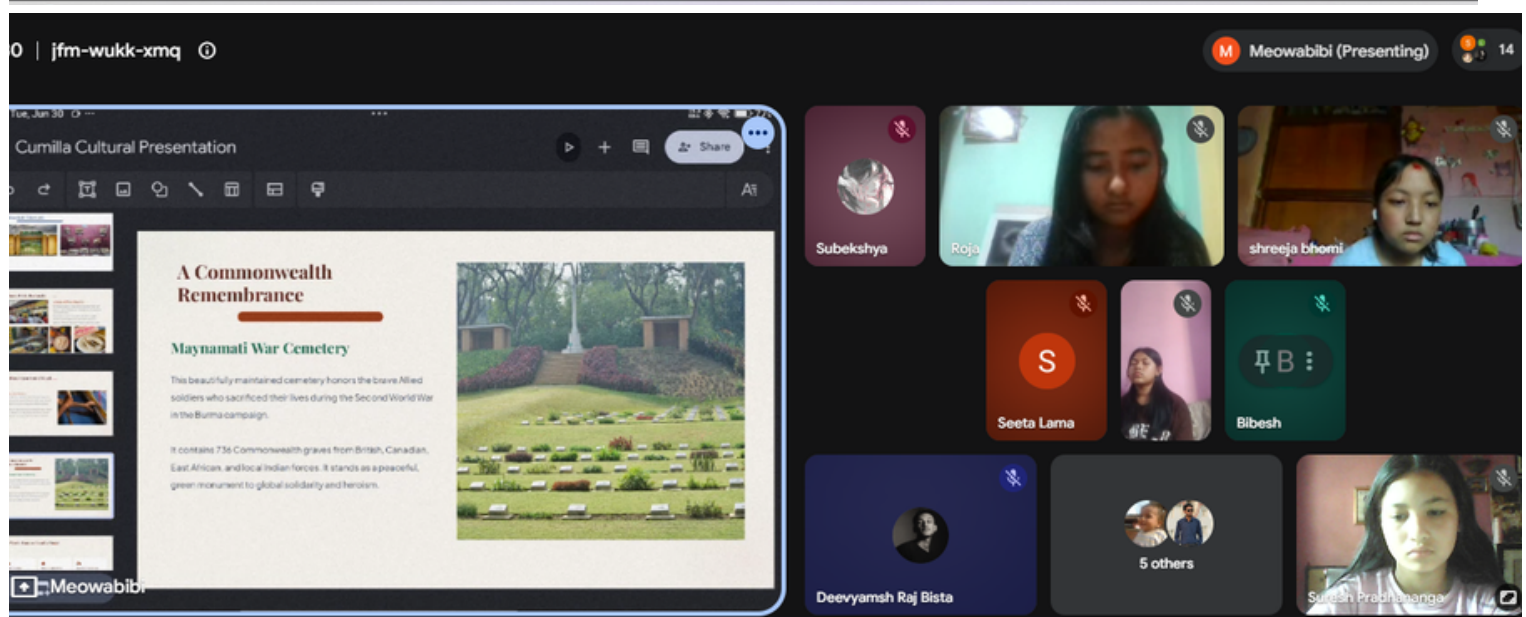

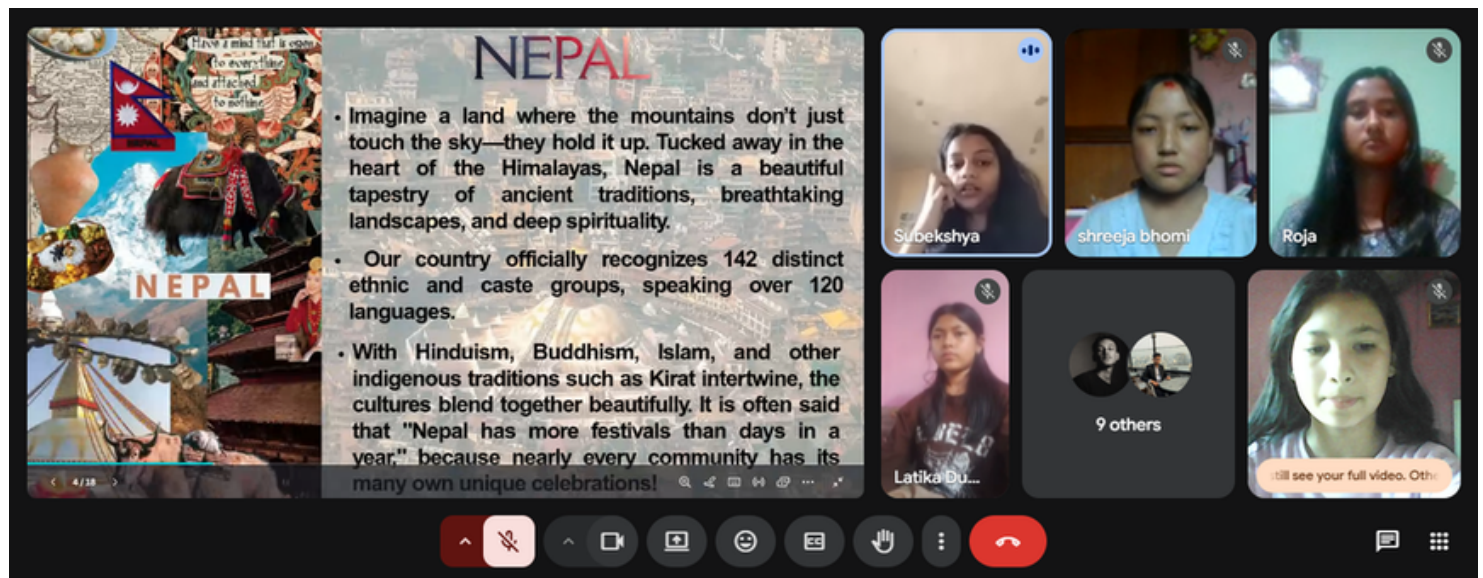

After both club's presentations were finished, we interacted through our similarities and differences in culture which made us closer to each other. Finally, we concluded the meeting with a simple farewell.

Project Summary:-

Our club got to know much about Bangladesh including how akin our culture was even though how far we were. Exchanging each other's culture was a great experience which will be remembered for a long time. It was a wonderful opportunity through which we got to connect globally and forge a relationship. This contributed in our club development as well as international fellowship.

A grand acknowledgement goes to our Immediate Past President as well as our Immediate Past Secretary for helping us in this project and guiding us. The participating members are also appreciated for their time and hardwork.

Some Highlights of the Event:

Cumilla Cultural Presentation

Culinary Pride: Roshmalai

A Taste of Pure Royalty

Cumilla is universally celebrated for its legendary "Roshmalai", a dessert that has officially earned Bangladesh's Geographical Indication (GI) status. The authentic dessert consists of small, soft cheese balls (cheese cooked and deeply soaked in sweetened, thick, cardamom-flavored milk syrup, literally melts in the mouth).
