

A Meal Of Kindness Project No.4

Date: 9th August, 2026

Location: Patan Durbar Square

Specified Committee: Community Service

Area of Focus: Social Welfare

Introduction:

The Food Donation Project was an initiative organized by the Interact Club of Rato Bangala School to support and connect with members of the local community through a simple act of giving. As part of the project, food packages containing one samosa, two pakodas, and one sweet were prepared and distributed to people around Patan Durbar Square and the surrounding temples. Beyond providing food, the activity also gave members an opportunity to interact with people from different backgrounds and share a few meaningful conversations with them. The project aimed to encourage kindness, compassion, and community involvement through direct and personal outreach.

Project Summary:

The project involved distributing freshly prepared food packages to people around Patan Durbar Square and the surrounding old temples. Members walked around the area and personally handed the packages to people they came across. Along with distributing the food, members spent time having short conversations with some of the recipients, creating a more personal interaction. The warm responses from the people made the experience enjoyable for the members and showed how a small gesture can create a positive connection within the community. The activity was a simple and direct way for the members to engage with people in the local area and participate in community service.
