- Members' fellowship, Introduction, Communication

About 'Members' Orientation Program''

Introduction:

Hosted by the Interact Club of Annapurna SOS, we recently wrapped up our Members' Orientation! We broke down how Rotary works, shared our core values, and gave everyone a sneak peek at our upcoming monthly events. It was awesome seeing so much energy from our new members—we can't wait to turn that excitement into real action this year!

Project Summary:

We hosted our Members' Orientation for the 2026–2027 Rota Year, and it was such a great way to kick off the new tenure with our incoming team. We

Email: prerikabaral99@gmail.com walked everyone through how Rotary and Interact actually work behind the scenes, cleared up any confusion about club operations, and gave a sneak peek at all the monthly events and service projects we have lined up. The

Cell no: 9846078349 Q&A at the end brought out a lot of great questions and genuine excitement, leaving everyone ready and motivated to dive into community work together.

The main impacts/objectives of the event are as follows:

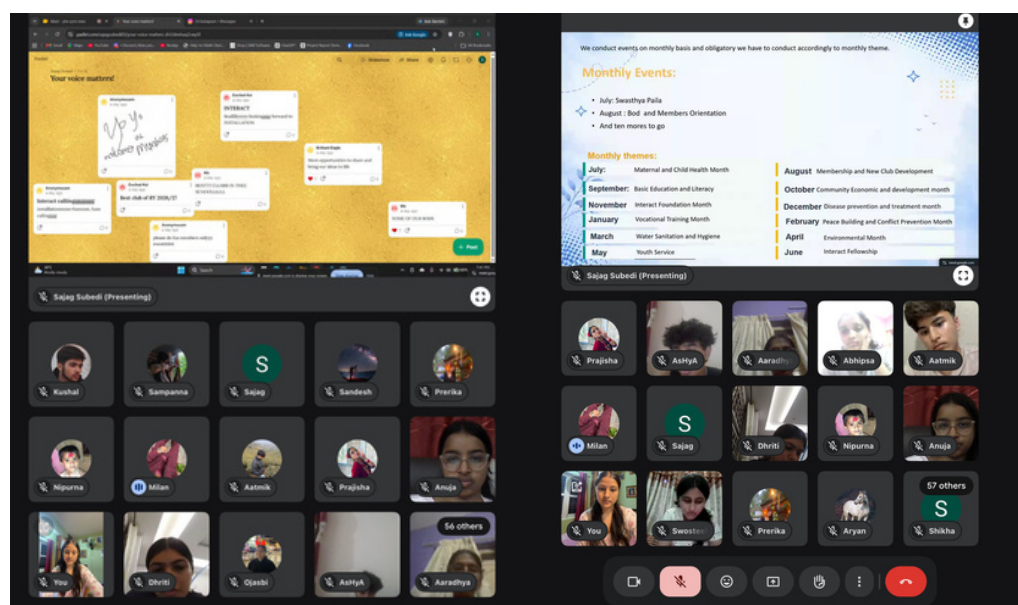

- Introduce Rotary & Interact.
- Clarify Club Operations
- Present the Tenure Roadmap
- Build Engagement & Team Spirit:

Conclusion: Overall, the orientation set a fantastic tone for the year ahead. By giving our new members a clear understanding of our mission and what's coming up, we built a strong foundation of trust and team spirit that will carry through all our upcoming projects.

Feedback of the attendees

1. It helped breaking the ice between members and BODs' and it'll surely help us engage between in events(Itr. Ashya Pokhrel)
2. It helped us know about club much more and it's so interesting than other clubs(Itr. Harshika Singh)
