Lilesh Shrestha leading a group of Interactors in supporting the event's smooth operation. The initiative gave club members an opportunity to embrace and celebrate the rich Newari culture while contributing their time and effort in service of the community.

Project Summary:

As part of the club's ongoing commitment to community engagement and cultural appreciation, Itr. Lilesh Shrestha, along with several Interactors, volunteered at the Lakhe Nach Program. The Lakhe Nach, a traditional Newari dance performance known for its vibrant masks and energetic movements, drew a large gathering of attendees eager to witness the cultural spectacle. Club members took on various responsibilities throughout the event, assisting with crowd coordination and ensuring the program ran smoothly from start to finish. Beyond their operational role, the Interactors immersed themselves in the festivities, gaining a deeper appreciation for the traditions, rituals, and stories behind the Lakhe Nach performance.

Through their active participation, club members not only supported the successful execution of a cherished Newari tradition but also deepened their own understanding and respect for local culture. Led by Club President Itr.
