About 'Letterhead Exchange with IC Central Lumbini'

Introduction:

On August 21st and 22nd, 2026, the Interact Club of New Horizon (ICNH) proudly hosted "Project Utsav," a premier two-day Youth Empowerment Fest for Zone 4 of Interact District 3292 (Nepal and Bhutan). Organized under the Club Service and Youth Services committees, the event aimed to inspire, educate, and foster fellowship among young Interactors through insightful speaker sessions, interactive workshops, creative activities, and networking opportunities.

Project Summary:

The two-day festival brought together Interactors, district officials, and guest clubs from across Zone 4 and District 3292. The event commenced with an energetic opening ceremony led by the District and Zonal leadership team alongside dignitaries. Over the course of two days, attendees participated in diverse, impactful speaker sessions featuring celebrity personalities, AI/ML engineers, leadership coaches, medical professionals, former international athletes, local entrepreneurs, and prominent digital content creators. Each speaker shared valuable insights on personal development, technological trends, mental health, athletics, and leadership. In addition to formal sessions, the fest featured engaging team games, interactive icebreakers, and gift hampers for participants. During the recognition segment, the Interact Club of New Horizon received a lighthearted award for being the "Most Silent Club." The grand finale on Day 2 featured a live musical band performance and a joint dinner session, providing a memorable conclusion to a successful youth celebration.
