Samran

Project Number: 2

Date: 5th September 2026

Location: Basantapur

Collaborated with: The Prodigy Project

Specified Committee: Community

Area of Focus: Community Support, Climate Awareness and Public Awareness
About 'Samran'

Introduction:

Following recent devastating floods and a tragic incident involving a three-year-old child, the Interact Club of Ullens felt the need to create a space for the community to come together, reflect, and pay their respects. In collaboration with The Prodigy Project, the club organized Samran, a candlelight memorial that allowed members of the public to express their condolences and stand in solidarity with those affected by these devastating events.

The event also aimed to raise awareness about climate change and its potential consequences, particularly in light of the recent floods.

Project Summary:

The Interact Club of Ullens, in collaboration with The Prodigy Project, organized the candlelight memorial at Basantapur on 5th September 2026. The event began at 5:00 PM, with members of the public invited to participate by lighting candles as a symbol of remembrance, respect, and solidarity.

Awareness banners addressing climate change and its effects were also displayed throughout the event. These encouraged the public to reflect on the environmental factors contributing to natural disasters and the importance of collective awareness and action.

Through Samran, the organizers provided a respectful space for people to gather, remember those affected by recent tragedies, and express their support for the wider community.

Feedback from Attendees:

The attendees appreciated having a peaceful and respectful space where they could come together to express their condolences. Many participants also found the climate change awareness messages meaningful and relevant to the recent events.
