About “Project Little Krishna”

Introduction:

On September 4, 2026, on the auspicious occasion of Krishna Janmashtami, the Interact Club of Central Lumbini organized Project Little Krishna at Siddharth Bal Ashram. The project was organized with the objective of sharing the joy and spirit of Janmashtami with the children and ensuring that they could also experience the happiness of celebrating the festival. Through this initiative, the club aimed to promote the message that festivals are for everyone and that happiness becomes more meaningful when it is shared.

Project Summary:

As part of Project Little Krishna, members of the Interact Club of Central Lumbini visited Siddharth Bal Ashram and celebrated Krishna Janmashtami with the children. One of the children was dressed in a Lord Krishna getup, creating a joyful and memorable moment for everyone.

The club also distributed kheer to all the children and spent meaningful time celebrating the festival together. The members shared happiness and festive moments with the children, making the celebration warm and inclusive. The project was based on the belief that every child deserves to experience the joy of festivals. Rather than celebrating the occasion only among ourselves, we chose to share the happiness with the children and create a sense of belonging and togetherness.

Through Project Little Krishna, the Interact Club of Central Lumbini turned the celebration of Krishna Janmashtami into an opportunity to serve, connect, and spread happiness.
