

Project number : 6

Date: 4th September, 2026

Location: Tilottama Gaushala, Shankarnagar

Collaborated with:

- Interact Club Of Manigram
- Interact Club Of Shree Shanti Secondary School

Guests:

- Itr.Nischal Gautam (District Club Service Committee Chair, Interact District 3292 Nepal & Bhutan)

Area of Focus:

Cattle Feeding and Welfare

About- Project: Pabitra

Introduction:

The Interact Club of Central Butwal, in collaboration with the Interact Club of Manigram and the Interact Club of Shree Shanti Model Secondary School, successfully conducted Project Pabitra at Tilottama Gaushala on 4 September 2026. The initiative was organized with the objective of promoting animal welfare and community service through hands-on cow care and nutrition.

The project focused on feeding green fodder and dry roughage to the cattle, supporting animal care, and fostering compassion and local social responsibility through direct volunteer action. Through these efforts, the event was Project Pabitra at Tilottama Gaushala.

Project Summary:

Project Pabitra was conducted at Tilottama Gausala on September 4, 2026, by the Interact Club of Central Butwal in collaboration with the Interact Club of Manigram and the Interact Club of Shree Shanti Model Secondary School. The program ran from 10:00 AM to 12:30 PM, coinciding with Krishna Janmashtami. The central focus was Gau Sewa feeding cows, a sacred act of animal dharma in Hindu tradition that symbolized devotion to Lord Krishna while promoting compassion and responsibility toward animals.

Beneficiaries and Interaction:

The project served as a spiritual experience where participants embraced values of kindness, gratitude, and respect for all living beings. The atmosphere was filled with devotion as students felt inner peace through their collective effort. This act reminded everyone that service extends beyond humans to all creatures, reinforcing harmony between humanity and nature through direct interaction with sacred animals.

Distribution of Essential Items:

As part of the service component, clubs fed cows chapati, fresh grass, and other nutritious items. This act was both a spiritual offering and a compassionate service, reflecting deep respect toward living beings. Participants gained a strong sense of fulfillment as the project beautifully combined cultural tradition with meaningful service, showing that true dharma lies in caring for all living creatures.

Bhajan Session:

Following the program at the Gaushala, members visited the ISKCON temple at Siddhartha College in Butwal to participate in a vibrant Bhajan session. Everyone joined together in joyful singing, devotional music, and offering prayers to Lord Krishna, creating a deeply peaceful atmosphere that brought students and devotees together in shared spiritual celebration.

Project Impact and Conclusion:

Overall, Project Pabitra successfully combined cultural tradition, youth leadership, spiritual devotion, animal welfare, and community engagement during the auspicious occasion of Krishna Janmashtami. By carrying out Gau Sewa at Tilottama Ghausala, the joint effort between the Interact Club of Central Butwal, the Interact Club of Manigram, and the Interact Club of Shree Shanti Model Secondary School provided direct care to sacred animals while instilling profound values of kindness, gratitude, and animal dharma among student volunteers.

The initiative went beyond traditional human-centric community service, creating an atmosphere of peace, fulfillment, and shared purpose that reminded participants of the vital harmony between humanity and nature. Through this meaningful initiative, the organizing clubs successfully honored Lord Krishna's legacy of compassion, leaving a lasting spiritual impact on the community and setting an inspiring precedent for holistic, nature-aligned youth service.
